Consulting Company
New York, NY 10036

Dear Ms. Contact Person:

I am writing to express my interest in the position of Winter Management Consulting Intern at Consulting Company, which I learned about when I attended an informational session on Prestigious College's campus. I believe that I have the analytical and interpersonal skills necessary to thrive in the team project-based setting that characterizes Consulting Company.

I am a rising junior at Prestigious College with a double major in Economics and Environmental Studies. Based on my strong academic performance, I received honors from the college and was a candidate for a Presidential Scholarship. My major accomplishments in college include:

- Analyzing the finances and competitive position of 15 publically traded companies to identify and pitch investment opportunities as part of the Prestigious College Investment and Philanthropy Program student investment fund
- Writing and organizing a fundraising newsletter that resulted in \$1,000 in donations for the my college volleyball team
- Conducting interviews and writing new stories for the Prestigious College Sports Network
- Producing broadcasts of college sports events for WDR FM 89.3 radio and giving live commentary on basketball games

On the professional level, I worked as an intern at Finance Startup Company, where I learned to analyze quantitative data derived from sophisticated behavioral finance software. In combination with qualitative research, I produced a weekly newsletter of stock tips that was distributed to over 450 clients, demonstrating my ability to manipulate and draw actionable conclusions from data.

Please call me at 555-444-4444 or email me at myemail@fake.com so we can discuss how my skills and experience can benefit Consulting Company.

Sincerely,
